How to get Freja eID+

- 1. Download the app
- 2. Register e-mailaddress, PIN code & biometrics
- 3. Add valid ID document
- 4. Take a selfie and perform liveness control
- 5. Visit Freja-agent for physical ID control (SE only)
- Freja eID is for everyone
- From 8 years with added ID document

Trust

- Freja eID is approved by the Swedish government at a LOA3 level.
 Audited and approved by DIGG The Agency for Digital Government.
- The only eID that is approved by DIGG, both for private use and as employment ID
- Freja eID is a part of Swedens application to eIDAS (Q3 2021)
- Made for GDPR can be used for consent, overview of personal data management and user history data
- Freja eID vouches for every identity- not just a technology supplier

More features with Freja eID

- Can be used for login to a large number of e-services, both public and private, for example Skatteverket, 1177 och Svenska Spel.
- Can be used for physical identification in a physical context, e.g. in a store
- Can be used for identification P2P (between persons), e.g. to buy a used car online or go on a date
- Contains a free ID protection that warns in case someone changes your living address (SE only)
- Can be used to store and share your Covidpassport

Future plans

- Additional countries
- Biometrics
